KINGSBURY COUNTRY DAY SCHOOL

SPECIAL EDUCATION AT CHOICE SCHOOLS

At Choice Schools, we believe every child deserves access to a high-quality education that is tailored to their unique strengths and needs. Our Special Education programs are built on individualized services, inclusive practices, and strong family partnerships. We are committed to fostering an environment where every student is supported in reaching their fullest potential.

OUR COMMITMENT

We are committed to:

- Ensuring all students who qualify for special education receive a Free Appropriate Public Education (FAPE) in their Least Restrictive Environment (LRE).
- Providing support and services based on each student's Individualized Education Program (IEP).
- Partnering with families, building administration, general education staff, and specialists to promote student success.
- Maintaining compliance with state and federal special education laws, including the Individuals with Disabilities Education Act (IDEA).
- Student outcomes with specially designed instruction include academic growth, functional skill development, and postsecondary readiness.

OUR APPROACH

We believe inclusion benefits all learners. Our special education staff work closely with general education teachers to provide co-teaching, differentiated instruction, and modifications/accommodations that allow students to access the curriculum and thrive alongside their peers.

FAMILY INVOLVEMENT

Families are essential partners in the special education process. We encourage open communication and regular collaboration to ensure students' needs are met both at school and at home. We welcome your questions and want to be a trusted resource to you, today and throughout your child's educational journey.

Our Special Education Department offers a range of programs and services designed to meet diverse student needs; eligibility is determined through an evaluation process, and supports may include academic interventions, related services, and accommodations.

HAVE QUESTIONS?

If you believe your child may need special education services or would like more information, please contact your school administrator or special education leadership team member. We're here to support your child's journey every step of the way.

Mr. Nick Stage
Special Education Supervisor, KCDS
